

Instruções para definição de impressora padrão

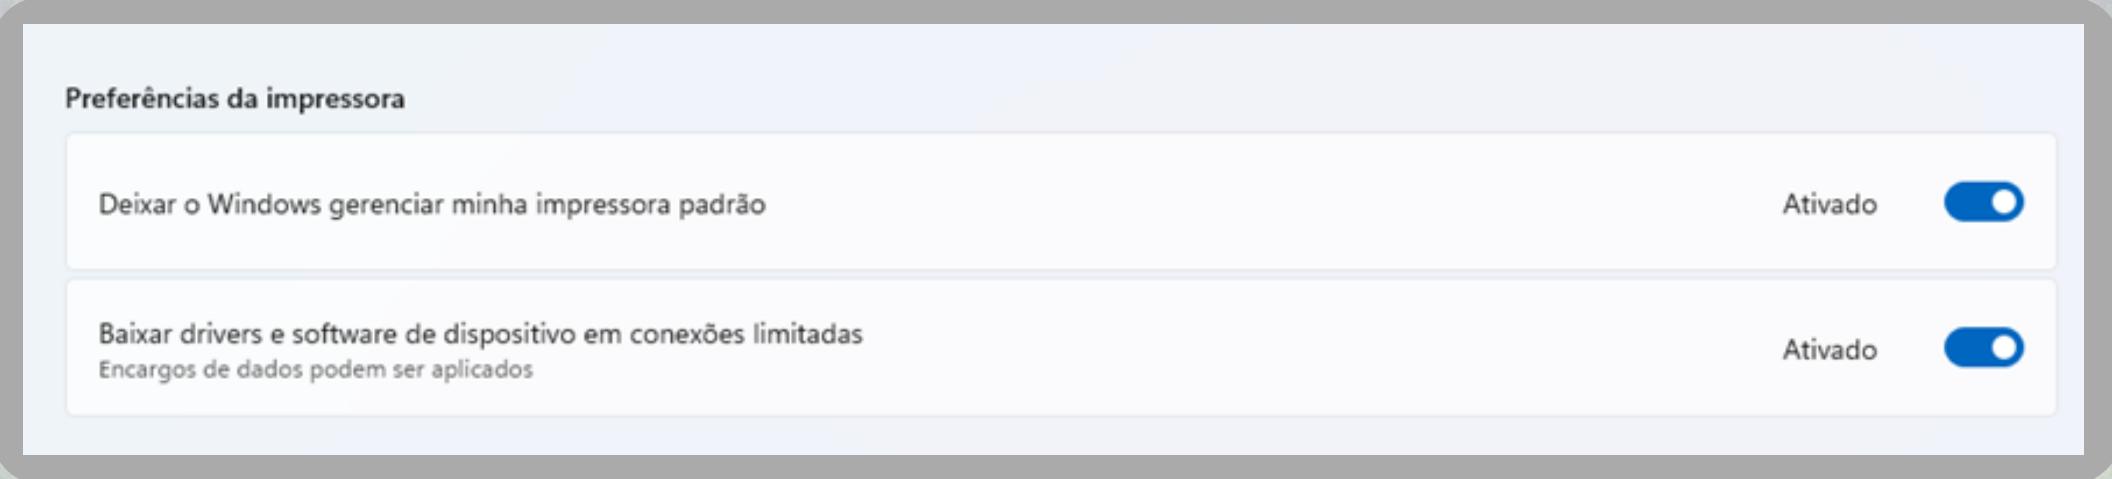

1 - Abra Configurações (Win + i)

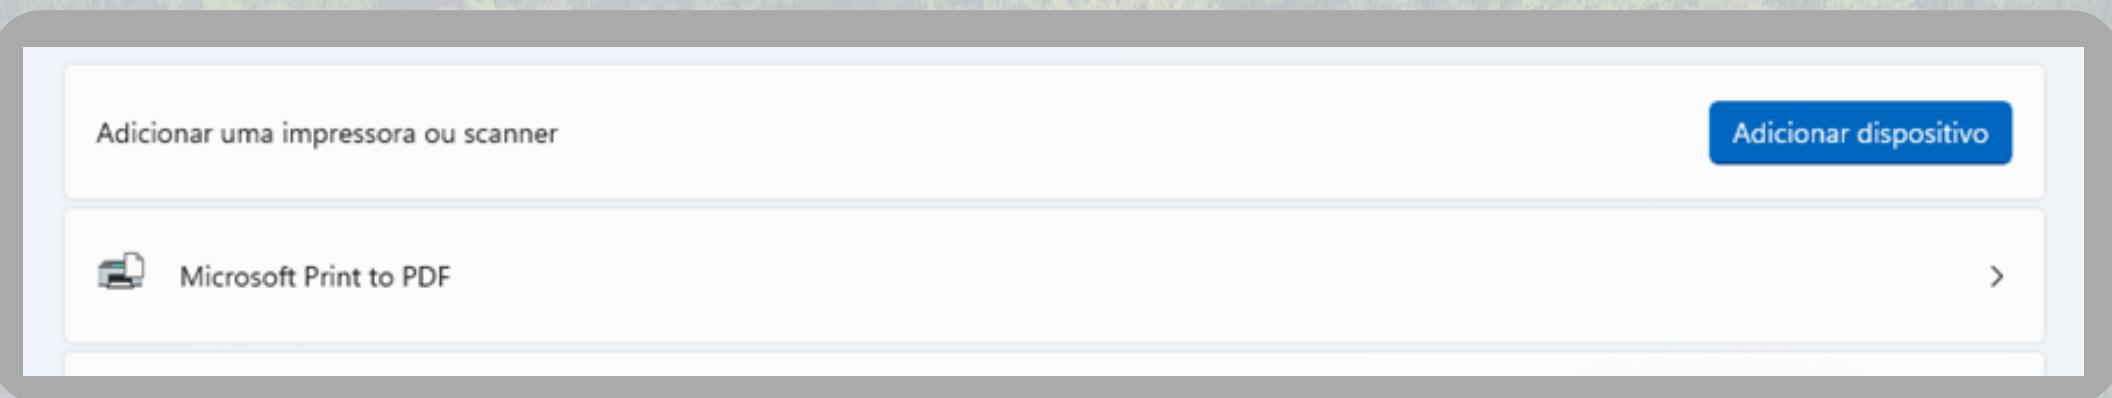

2 - Vá em Bluetooth e dispositivos → Impressoras e scanners

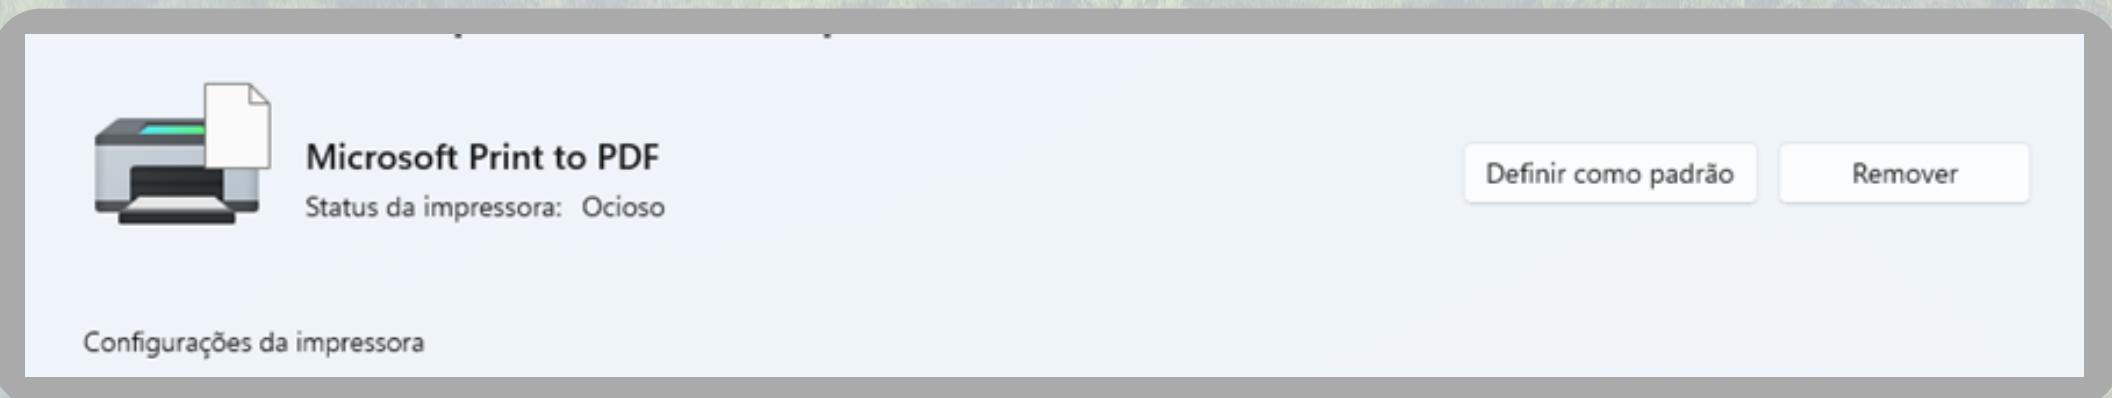

3 - Se a opção "Deixar o Windows gerenciar minha impressora padrão" estiver ativada, desative — caso contrário o Windows pode mudar o padrão automaticamente

4 - Na lista de impressoras, clique em Microsoft Print to PDF

5 - Clique em Definir como padrão / Set as default

6 - Feche as configurações
